

The Graduates

Raymond Bedard

"With thee conversing, I forget the way."

Born at Notre-Dame des Laurentides, Quebec, in 1927, Raymond entered St. Dunstan's last fall after seven years at the Seminaire de Quebec. A jovial and friendly character hides under a stern physiognomy. While here he served as a Contributing Editor to the **Red and White** '47-48. Next autumn, he intends to follow a course in civil engineering in Quebec. Bonne chance, Raymond.

Ronald James Blacquiere

"Whate'er he did was done with so much ease,
In him alone 'twas natural to please."

Ronnie was born at North Rustico on October 6th., 1924. Having received his primary education at Stella Maris School, he entered St. Dunstan's in 1942. During the six years he spent at St. Dunstan's, Ronnie proved himself a general favourite. He played a prominent part in college activities: C.F.C.C.S. '43-'44; C.C.S.M.C. '46-'48; Debating Society '47-'48; and he was also a member of the college choir. We wish him all the best in whatever he undertakes.

Jeremiah Elmer Blanchard

"If you seek his monument, look around you."

Elmer was born in Charlottetown on March 6th., 1927. He attended Model School, Queen Square School and graduated from Prince of Wales College in 1946, entering St. Dunstan's in the autumn of that year. While he was with us, he maintained his reputation as an outstanding hockey and football player. He was a member of the hockey team that brought St. Dunstan's her first Maritime Intercollegiate title; he was also a member of the senior football team for two years. Elmer graduates with his B.A. degree this year, and he intends to study Law at Dalhousie University next fall. We wish him every success in his chosen profession.

He continued his education at the Seminaire des Trois Rivieres, where he spent six years. Last fall he entered St. Dunstan's as a senior. Richard Bourget

"He that is firm in will moulds the world to himself."

One of the most popular of this year's graduates, Dick was born at Cape Cove in the province of Quebec, on March 4, 1926. He received his elementary education in the Gaspé seminary; then in 1944 he registered at St. Dunstan's as an Arts student. He was an enthusiastic participant in all activities of college life. He played an active and successful part in intramural hockey and, was the unanimous choice of the student body as the best amateur pool player of the College. Dick has now finished a very successful career at St. Dunstan's. It is our parting wish that he may carry that success with him in his future studies at McGill University. Good Luck, Dick . . . Bon Voyage.

With all good grace to grace a gentleman."

He has also been president of his class '45-'47, and this year he is vice-president of the graduating class. It was in Charlottetown on April 25th., 1927, that one, George Roland Hennessey, first saw the light of day. He attended Queen Square School for nine years and graduated in June, 1942. After further pursuing his studies for three years at Prince of Wales College, "Rollie" entered St. Dunstan's in the fall of 1945. Since that time his friendly disposition has won for him a wide campus popularity. The high standing which he receives as a scholar reflects an equally high ambition; this ambition, we feel sure, will bring him every success in anything he undertakes. Best of luck, "Rollie".

John Richard Horgan

"He is just as good as the best of us,
And just as bad as the rest of us."

John was born on October 7th, 1914, and received his early education at his home school in Stanhope. After attending Prince of Wales College for two years, John spent four years teaching school. Finally, in 1946, John resumed his studies at St. Dunstan's, and this year is a member of the graduating class. John's plans for the future are undecided; but, if one may take the past as a criterion of the future, we know that he will succeed in whatever he attempts. Good luck, John.

And wisdom held with folly truce,
And nature compromised betwixt
Good fellow and recluse."

Preston Charles Kelly

Still forever, fare thee well."

In the autumn of 1944, he enrolled at St. Dunstan's where he immediately became a favourite with his fellow students. He did not take part in many extracurricular activities. However, his lively interest in S. D. U. could be evidenced by his willingness to support what he thought to be in the best interests of his Alma Mater. So long, Preston; all the best.

There is nothing lost by being wise."

John was born in Trois Rivières in 1928, and for seven years attended the Séminaire des Trois Rivières. During his four years at S. D. U., Justin proved himself to be an efficient and conscientious student, devoting most of his time to his studies. However, he showed his interest in sports by capably filling a forward position on the second football team and later on the senior squad. Justin has not disclosed the field in which he intends to study, but we know that whatever profession he chooses, his manly qualities and devotion to duty will stand him in good stead.
