

College  Chronicle

In past days the great dramatist Shakespeare used as the basis of many of his plays the Chronicles of Holingshed. Perhaps at some future date Chronicles of *Red and White* will be the source of inspiration for some future Shakespeare. However our purpose is merely to pass along some information on college activities during this term.

The annual Field Day was held on Wednesday, October, 22nd. The events of the day are completely covered in the Sports Section. What is worthy of mention here is the concert presented in the evening by the Athletic Association. Allan Callaghan, Vice-President of the Association was Master of Ceremonies. Highlights of the program included impersonations by F. A. Brennan and "Buddy" Maher, old time music by John Hughes and his gang and a solo by Gene Gorman. The newly organized Glee Club contributed several fine selections. Prizes were presented to the various winners during the program. This concert proved to be one of the best in years.

to the success of these socials, and to the Charlottetown Council of the Knights of Columbus for the use of its hall.

A new addition has been made to the College family of societies with the formation of St. Dunstan's Glee Club. Through the efforts and interest of a few enthusiasts this club was organized, and already has upwards of forty members. The club is under the direction of Charles McIvor.
