Your Watch is Right

or wrong ; there isn't any middle ground. Thousands of men are carrying inaccurate watches, because they don't stop to think what a serious matter a watch that's fast or slow really means. We can tell you in a minute what the difficulty is. If you want your watch to be accurate it should be cleaned at least once a year.

Drop in and let us talk it over.

Have You Tried the FARADOR ?

The Scientific Triumph of the age,
making man Master of Diseases
without Drugs or Medicine.

IT is estimated that to-day about 25,000,000 Americans are drugless enthusiasts, who seek results by arousing the reserve powers of the body through natural methods. Various methods of energy or force treatment—electricity, heat, vibration, light, etc., have produced good results, but it is safe to say that none can produce such an array of written evidence as tends to the merits of THE FARADOR. Hundreds have been cured in Prince Edward Island. Write for literature and testimonials from local people to
