

# S.D.U. Jayvees Cop Two City Titles

APRIL 9 — The St. Dunstan's Jayvees, a team that came about only at the last minute before the league was formed, won the Charlottetown and District Junior League in the final game of a best of three series 7-5. The Saints blew 1-0 and 2-1 leads, and then fell behind by one goal on three occasions before tying the game at the 16:05 mark of the third period on Arthur LeClair's goal. That marker set the stage for an exciting ten minute overtime that decided the game and the championship. Jacques Dugre gave the Saints a 6-5 edge early in the extra period, but it was LeClair's second goal that put the game on ice against the classy Legion outfit.

The game was a climax to what was a long, hard year for the Saints' outfit. They ended the regular season tied for first place with the Legionaires; there was the two week layoff before the finals while the Brier was on at the Forum; and then they became a victim of rules and regulations in the playoff series.

The trouble started one night against North River when the Saints' star defenseman, Derrel Pollock, was ruled ineligible to play with the Jayvees because he was with Johnny's Flying Hawks. They won that game 8-7 nevertheless; but in the next, they lost 6-3. The Saints came back to win the

third and deciding game the following night.

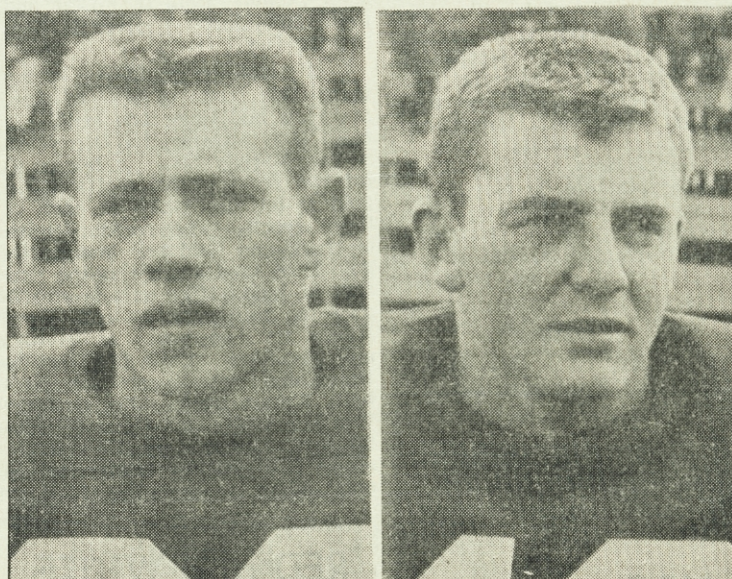

All in all, there were seven playoff games; three protests, one of which was upheld; and of course the overtime game with the Legion.

It is easy to sit back and criticize the League though; the Executive just did not have enough time to define many rulings in black and white, so naturally, there were some misgivings.

In the adjoining pictures are three players who helped the Jayvees to cop the title. Andre Gelinas was voted as the most gentlemanly player by the league officials, followed by Allan Flood of the Legionaires. Art LeClair and Yvon St. Arnaud comprised one of the loops best defense duos.

### TEN PLAYERS TO GRADUATE

FRANK GARRITY

COLIN McMILLAN

While the annals of St. Dunstan's sport literature go to press to record the events of the past for the tales of the future, ten students leave SDU's hallowed halls to make their way against the challenges of the world beyond. But these ten students carry something a little special, something precious, because they are athletes who have worn St. Dunstan's colors on the gridiron, on the court and down the ice lanes.

The criterion by which students are measured is their academic standing, but each of these athletes have earned their name in sport also. We, the students, are proud

of these gentlemen and wish them the best as they depart from "the college on the hill".

Graduating on the football team are: Jim Garrity (4 yrs.); Colin McMillan (4); Len Ellis (4); Walt Buotte (2); John Roy (3); and Larry Farrel (2). On the hockey team: Jim Peddle (3); Colin McMillan (3); and Dick Tingley (5).

Frank Garrity, a five year man in two sports is the only player on the basketball team to graduate.

RED AND WHITE is particularly proud to salute the above athletes as friends, scholars, and gentlemen. They will always be remembered.

In his first year as coach of the St. Dunstan's Jayvee Basketball team, Walter Buotte, a Senior Arts student from Rumford, Maine, led his hoopsters to a City League Championship recently—the second year in a row that the team won the title. Last year, SDU won the title under playing coach Len Sirouis.

Actually, the league ran into some technical difficulties towards the end of the year. What happened was this: the Jayvees ended the regular season in first place, well ahead of the rest of the teams. Their record was nine and two. The six teams involved then started a playoff round, and two teams were eliminated, the Capitals and YMCA. However, the series between the Pirates and PWC was never completed. As time was running short the league executive awarded the championship to St. Dunstan's.

Members of the Jayvees are: David Nantes, Larry Farrel, Lee Jobin, John Cain, Walter Buotte, Barry Foley, Philip Mullally, John Rodgers, Jim Davis, and Vic Jeske.

## SPORT BRIEFS

### AWARD WINNERS

Here are some of the winners of awards during the past year. Most valuable player. Football, Fred Ripley; hockey, Billy MacMillan; basketball, Bob Francouer. Most improved players in football, Jim MacLean and Jim Griffith. Most valuable player in intramural league, Andre Gelinas. Most gentlemanly player in Charlottetown Junior league, Andre Gelinas. Bronze "D", Fred Ripley, Colin McMillan, Walter Buotte, and Dick Tingley. Cloth "D" went to all members of the hockey team, Dan Eaton and Fred Ripley in basketball, and to Dave O'Brien, Wes MacAleer, Walt Buotte, Al Brady, and Jim Davis in football.

### BUZZER TITLE

Belated congratulations go out to Captain Gerry Doyle and the Sophomore squad which won the 1963-64 Buzzer championships. This team was one of the powerhouses all season, and beat the Seniors in the semi-finals in the playoffs. A week later they beat the Sophomore "B" team to take the championship.

### TRIPLE CROWN

The St. Dunstan's High School captured the triple crown of Island interscholastic competition recently. Last fall they won the football title against Summerside High. Three weeks ago, they beat Prince of Wales College in both basketball and hockey to capture the other two coveted awards. Basketball coach is Art Strang, a Freshman student; hockey coach is Jim Cullen.

## NEXT YEAR'S SCHEDULES MADE

The 1964-1965 intercollegiate hockey and basketball schedules were released recently by league headquarters at Fredericton. The hockey team will play thirteen games next year, an increase of two over this year. Six of these encounters will be at home; the other seven are on the road. The Saints will play two games before Christmas, Acadia at home and Mount "A" away. Again there will be no playoffs. In the event of a tie, the league championship will be decided on by the best goals spread between the two teams involved.

There will be a new entry in the league next year, namely the University of Moncton, who received admission at the last meeting of the Executive. Little is known about the Moncton team, except that it has been quite successful in its exhibition games which included meetings with St. Francis Xavier.

In basketball, there will be twelve games, six at home and six on the road. The Saints will play 10 games before Christmas.

## DR. TERIAUTT SPEAKS AT DINNER

APRIL 21 — A delightful awards banquet was given recently for all students at St. Dunstan's who had participated in extracurricular activities throughout the past year. Sponsored jointly by the Students' Union and the University Administration, the dinner was attended by over 150 students who belonged to the Varsity, Jayvee, and winning intramural teams, as well as the Drama Society, the Debating team, and members of the Students' Union.

Head table guests included Rev. R. G. Ellsworth, Father Ledwell, Father Cheverie, Father Cass, Mr. Dave Boswell, A. J. MacAdam, Cleaver MacLean, Al Rogers, Bill Ledwell, Mickey Place, Jack Kane, Mike O'Brien, and Ed. Hilton. Emcee for the affair was John Roy, past president of the SDU A.A.A.

After the turkey dinner, the headtable guests presented the various awards to the successful recipients. Among the trophies were the Most valuable player awards for the three Varsity sports. Fred Ripley won the football award, Billy MacMillan the hockey, and Bob Francouer the basketball.

Principal speaker for the even-

ing was Dr. John Theriault, a well known physician and sports personality. In his short remarks, he went over some of the highlights of the past year, both on the athletic and academic level. Dr. Theriault pointed out the values of athletics in college life, and expressed his hope that each and every student would remember the valuable lessons learned on and off the field. "Whatever you do and wherever you go," the guest speaker said, "remember your years at St. Dunstan's . . . the football games, the hockey encounters, all the experience that you acquired . . . it is too valuable to lose."

Dr. Theriault said that the status of a college athlete is changing from what it was in the years past. He said that the athlete was no longer the dumb football player, rather he was a well educated student learning the lessons that only sport can give. He pointed out that having a top athlete at St. Dunstan's receive a Rhodes Scholarship was true evidence of this.

Dr. Theriault was introduced by Ed Hilton and thanked by A. J. MacAdam.

## Year Draws To A Close

By Charley McMillan

So another year draws to a close . . . the waning days of April and the few days of May are the sole remnants of a long but exciting year. The prospect of the future looms ahead with only four short months segregating this school and the next . . . not much, it it? It's an easy job, I suppose, to conjure up glorious visions of grand success and happiness in the days and months that loom around the corner, but hindsight and a feeling of pride in St. Dunstan's make it easier to review the past with a greater degree of accuracy.

The past eight months or so have been filled with a series of events that climbed to the echelons reserved only for the greatest; there were others that bordered on the tragic. It was that kind of year.

### Varsity and Jayvees

There were the football games—seven of them—when ole SDU reached magnificent heights in a league dominated by the chosen few. There was the Stadacona encounter—it ended 15-14 for the Saints—described by many as the best football game ever seen on the Island. A dozen or so new players had their first year under the Red and White banner on this team, an advantage that will reap huge rewards in the seasons ahead.

The 1963-64 season was a grand year for hockey. The tales told about it would fill a good sized book; in fact, hockey prevailed as the subject in the months just passed. There is no need of reciting paragraphs about the deeds already well known; rather it would be more appropriate to spend some time planning the future. Only three players won't return next year so the job of rebuilding should be only a minor chore. A longer schedule and stiffer competition will make a

difference, however.

Basketball had its moments during the year, despite a 4-8 record. This was a rebuilding year in the most part for Coach Ed Hilton, and the fruits of his work will show in the months ahead.

Varsity sports didn't get all the headlines, though. The basketball and hockey Jayvee teams reached glorious heights during the winter months, and both finished on top of their respective leagues. Addition stories of these feats already adorn these pages so it is suffice to say that if the second teams can continue to come through in this fashion, the Varsity teams will have a healthy future.

### INTRAMURAL AND CO-EDS

The intramural leagues weren't deprived of success, as both outfits ended up with banner playoff series. The damn old Seniors took the championship away from the Freshmen, beating the "A" 's in the semi-finals and the "B" 's in the finals. Exciting hockey and good order prevailed throughout, although the Seniors still haven't received the respect normally given to a champion team. But then the Seniors are used to winning anyhow.

The buzzer league had its moments of glory, in and out of the A. A. A. meetings. There was some bickering, of course, on and off the ice, but that has been going on since the league was formed. The sophomores ended up as victors; their biggest opposition was their own class.

While not capturing any trophies or winning any titles, the Co-eds provided the fans with some thrilling moments. But this is understandable; Co-eds as a rule have a big following anyway.
