

# SAINTS PLAY FOR S. D. U.

Remember that goal (or was it) ?

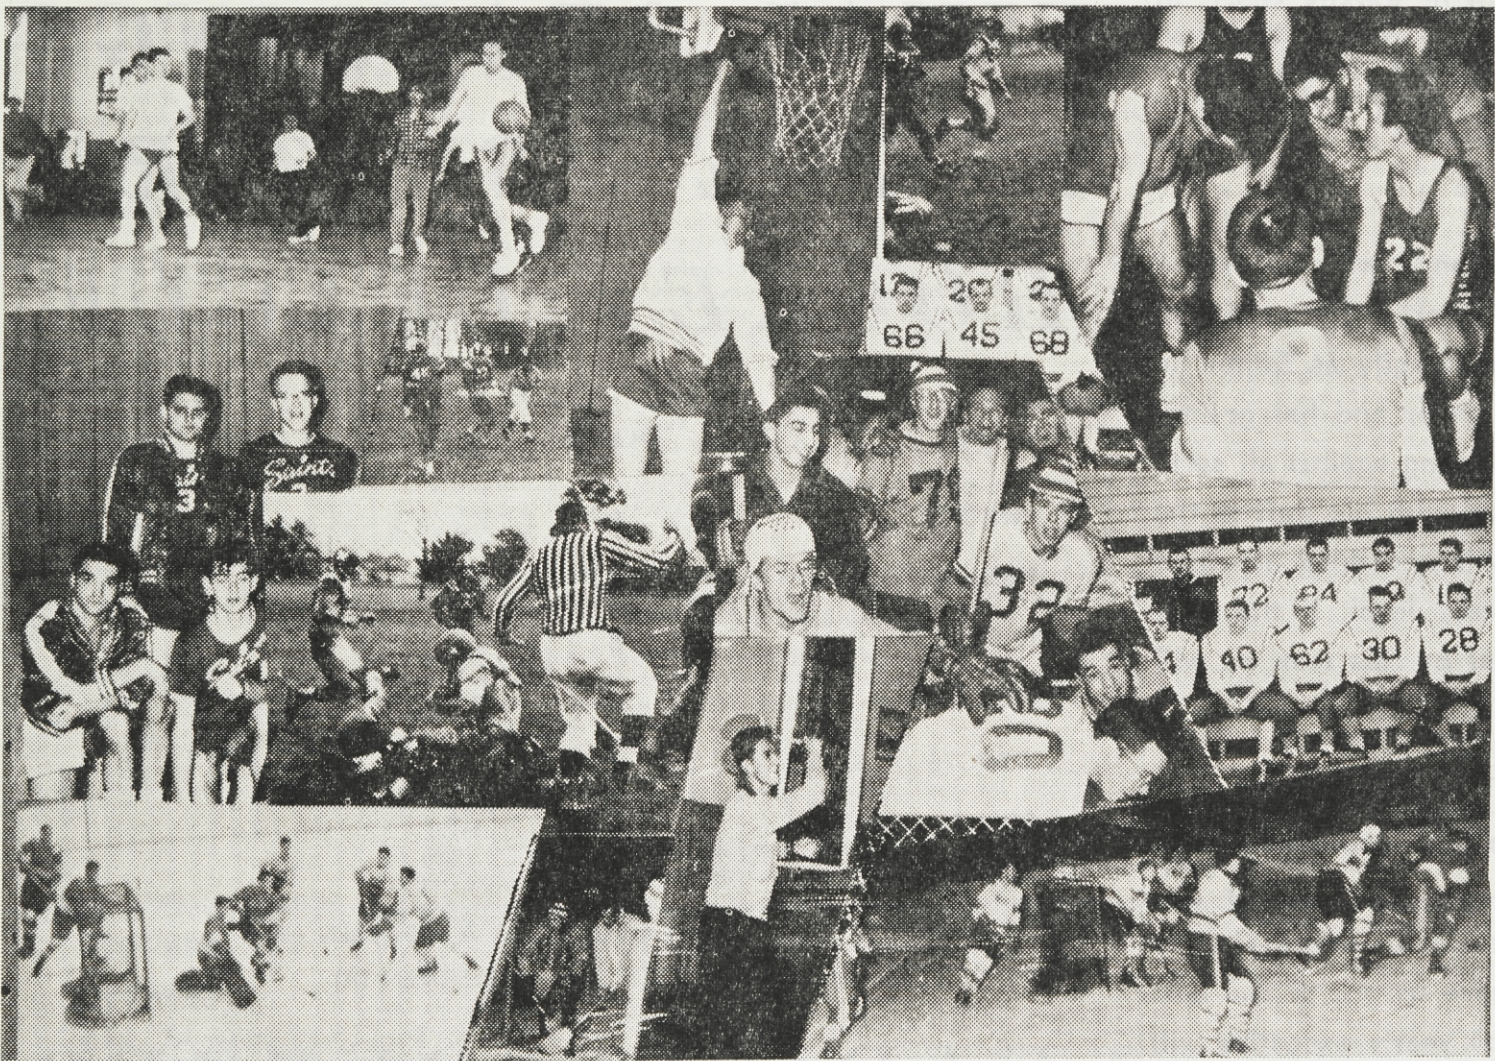

The Saint Dunstan's University Saint's once again have captured the New Brunswick-Prince Edward Island Championships by defeating the University of New Brunswick "Red Raiders" in probably the most spectacular game ever played in the Alumni Gymnasium. In this game, Saint Dunstan's exhibited their power as expressed by their team as well as by the spirit that exists on campus. I am sure that both these characteristics impressed the University of New Brunswick students very much.

The fact of campus spirit combined with the excellence of the team was not the only outstanding feature of that game. It was during this game more than any other, that the true meaning of the word "team" was exhibited on the floor. The test of a real team is it's ability to come through in a pinch, and this was ably demonstrated by everyone from the coach down. Using "team spirit" as a criterion, the other Universities throughout the Maritimes fall short.

Following the capture of the NB-PEI championship, the Saints then proceeded to play Acadia "Axeman" who were rated by many sports writer as the best in Canada. However, this fact did not deter the saints from putting forth their utmost. It is no idle boast that the Acadia Coach was a little bit uneasy, when his team was met by such a spirited crowd. The Axemen won the Maritime championship after a hard fought game by the Saints who were almost as sensational in defeat as in victory.

Granted, the statistics of the team are not the most envious. However, a great deal of credit is due to all the players and to Coach Hilton for winning the NB-PEI championships from Universities three times the size of S.D.U. and conclusively demonstrating to all the Maritimes that what we lack in numbers and height, we more than make up for in true team spirit.
