SDU WINS FOOTBALL CROWN

Symphony Concert Receives Great Ovation

The performance of the Halifax Symphony Orchestra on the Campus, Monday, November 14, attracted a large number of the student body as well as the faculty and members of the interested public, who received the opportunity to satisfy their desire to hear the music of the masters played by excellent musicians.

The Orchestra, under the leadership of Leo Mueller, played a variety of selections by a number of composers of the past and the present, thereby pleasing all tastes. The selections presented included Benjamin Britten's *Simple Symphony* for Strings, *Fall Scene* and *Fair Dance* by Canadian composer John Beckwith, as well as Shubert's *Overture in the Italian Style*, Grandjany's *Aria in the Classical style*, and Dvorak's, *Czech Suite*. The orchestra surprised the audience with its rendition of *Greensleeves*.

Soprano Soloist, Ruth Ann Morse, graced the programme with a religious selection from Handel's *The Messiah* as well as two Italian love songs. The reception of these was so great that Miss Morse sang, as an encore, a beautiful love lyric from the *Hebrides*.

After the performance, Msgr. Sullivan expressed to the Orchestra the true sentiments of

National WUSC Conference Held At Queen's U.

The fifteenth National Assembly of World University Service of Canada was held in October at Queen's University, Kingston, Ontario. Representing St. Dunstan's were Andre Drolet and Irene Gaudet.

The first purpose of this meeting was to review the work of W.U.S.C. during 1959-1960. Each W.U.S.C. Chairman gave a report of what was done last year on his campus and stated any difficulties met by the Committee. Financial difficulties seemed to be the main problem since committees were unable to raise as much money as they wished for W.U.S.C. projects.

The second purpose of the assembly was to determine future programme and policy of W.U.S.C. It was decided that each local committee would raise money by various means. This money would be sent to Head Office in Toronto, and it in turn would be sent to Countries whose students are most in need.

The Seminar for 1961 was discussed. This Seminar will be held next summer. It is hoped that St. Dunstan's will have a representative.

A Scholarship Programme was once again set up. Scholarships will again be offered to students in India, Hong Kong, and other parts of Europe.

Pictured above are the A.F.C. B-section football champions. Members of the team from left to right are: (front row) Paul Foster, Manager, George Trainor, G. Merrill Smith, H.B., John Hughes, H.B., Len Ellis, H.B., Gordon Dooley, H.B., Jacques Cote, E., Emmett Bradley, H.B., Donald McMillan, Manager. Second row: Frank

Garrity, G., Jim Ryan, G., Al Copeman, T., Gerry Gillis, H.B., Dan Driscoll, H.B., Jack Hopper, Q.B., Paul DesRoche, F.B., Colin McMillan, C., Jim Garrity, T. Back row: Edward Hilton, Coach, Reg. Pendergast, T., John Todd, E., Don DesRoches, E., Ray MacLean, T., Steeve Stafford, E., Jim Bentham was absent when this picture was taken.

the audience. He said that the orchestra had demonstrated in action what culture really meant. He went on to express his appreciation for the interest taken by the Alumni Association in sponsoring the concert and concluded by saying, "We have greatly enjoyed this performance and hope to have the pleasure of hearing you again."

Five Commissions were set up as follows:
1. Business, Finance and Administration;
2. Treasure Van;
3. International Affairs;
4. Education and Seminar;
5. Scholarships.

Resolutions totalling one hundred were drawn up concerning these commissions.

The third purpose of the Assembly was to elect officers and members of the National Committee. The representatives from the Maritimes included a faculty adviser from St. Joseph's and a student from Mount Allison.

All in all, it may be said that the conference was both interesting and successful.

Just Imagine This

Do you ever stop to think of what happens in the course of a minute? . . . In the time that the second hand of your watch makes a complete revolution, no less than 114 new babes utter their first cries in the world while 108 persons depart either to Heaven, Hell or Purgatory.

In the same interval 6,000 meteors fall down upon the earth, which in itself travels 1,000 miles around the sun. Thirty storms break out above our heads and 150 inches of rain fall from the clouds upon the surface of our globe. The rivers of the world carry 35,000 tons of fresh water and mud into the seas and oceans. In the span of this single

Students Support CFCCS Affiliation

At the second student body meeting held on Tuesday, November 15, an overwhelming majority of students voted in favour of continuing the University's affiliation with the Canadian Federation of Catholic College Students.

This decision was a reversal of the motion which had been passed at the previous student body meeting. At that meeting, Dennis Clough and Edward Benson, both of whom had represented St. Dunstan's at the National Conference, proposed a motion, seeking the withdrawal of St. Dunstan's from the national CFCCS body.

But at the third meeting, George Kelly, supported by Bernard McCabe, successfully demanded a reconsideration of the motion. As the motion was being reconsidered, a lengthy debate ensued, but most of the time was taken up in discussing whether or not this was a violation of constitutional laws and contrary to parliamentary procedure. However, before a ruling was given the meeting recessed.

After the recess, the President, in a dramatic move to minute 6,000,000 cigarettes are consumed, 110,000 newspapers sold, 280,000 telephone calls made, while 68 people marry and six divorce.

In all five continents of the world sixty-eight new motor cars are completed in one minute, and 3,000 tons of coal, 700 tons of iron and steel, and 4,600 pairs of shoes are produced.

Just another reminder . . . On Sundays, every minute of the day, more than 2,500,000 people assist at Holy Mass . . . Something to think about, isn't it?

Furies Trowned In Both Encounters With Saints

For the first time in many years the "Saints" have brought home a Championship. The "Saints" captured the Intermediate "B" title with a 3-1 record. The Shearwater Furies, also with a 3-1 record, lost out to the "Saints" by a 20-odd point spread. The Furies, firmly believing themselves to be Champs, challenged S.D.U. to prove their belief. But true to their breed, the "Saints" trounced the Furies 37-6 to prove that they were the real Champs.

In the first game of the season, the "Saints" fought a nip and tuck battle with this same team, emerging as the victors by the score of 18-14. Outstanding in this game was Dan Driscoll, who scored two TD's including the winning one.

In their next battle, the "Saints" travelled to Acadia where they clipped the Axemen by the score of 19-6. Acadia scored their only touchdown by falling on an SDU fumble in the end zone. Rene Perry, a valuable two-way lineman, was lost for the rest of the season with a leg injury.

The Dalhousie Junior Tigers were the next to fall beneath the onslaught of the Hilton-coached machine, being crushed by the score of 77-0. It was the points scored in this game which later gave SDU the title. The team was at its apex with Bentham and Ellis both scoring three TD's, Gillis and Driscoll scoring two, and Hughes one.

The "Saints" were caught napping when they lost to the Junior X-men, 18-8. The loss of Jim Bentham was sorely felt when the need for a line smash was pressing. SDU was in scoring position four times advancing to within less than ten yards of the "X" end zone, but they seemed to lack that final thrust to cross the all important line.

Though the "Saints" lost to St. F.X., they emerged as champions of Maritime "B" Football. The Furies, losing the championship to the powerful "Saints", challenged the squad to an exhibition game which was to serve as a final unofficial decision. The Red and White team, once again themselves, trounced the Furies 37-6 and proved without a doubt that the "SAINTS" were CHAMPS.

MIDL Society Sees Great Potentials

The St. Dunstan's M.I.D.I. Debating Society, (unit of the Maritime Inter Debating League), recently concluded its series of trial debates with very satisfactory results.

In commenting on the Society as he saw it the moderator, Rev. F. L. Cass remarked: "The future of the debating society has never looked brighter than at present." Fr. Cass, has been moderator and coach to the S.D.U. debaters for the past sixteen years during which time St. Dunstan's has won the National Debating Championship twice and the Maritime title five times, the last occasion being February of this year.

Up to this point, fourteen promising debaters have taken part in the trial debates. Of these there were four Freshmen, one Engineer, six Sophomores, three Juniors, and one Senior. In the first trial debate, John Hopper and Arthur Dolan opposed Jim Peddle and Steve Jackman. One week later, Jim Mahoney, Barry Costello, and Sidney Piggot won their debate against Eugene Quinn, Joe Gallant and Charles Mwangi.

But what might be considered as one of a very high calibre was the third and last trial

debate in which four Freshmen — Colin McMillan, Bert Brophy, John Dunphy and John Roy — staged a very creditable and interesting performance.

Father Cass complimented all the debaters and hinted broadly that he would have no difficulty in selecting strong teams this year.

Four of last year's champions, Dan O'Hanley, Harry Callaghan, Edward Benson and Vibert Rosemay are scheduled to stage an exhibition debate sometime in the near future and this is certainly a debate that no one is expected to miss.

The calibre of debating has indeed reached an all time high, and with the potential of the new comers, there should be no surprise if St. Dunstan's retains the Maritime title. This is the first goal to which they are aiming under the expert guidance of Fr. Cass.

Messrs. Benson, O'Hanley, and Rosemay are mainly responsible for staging the trial debates and deserve a word of credit for the fine work they have done. The present executive of this society comprises Rosemay, Vice-President; Edward Benson, Secretary-Treasurer; Dan O'Hanley, President; Vibert

Moonlight

The nox was lit by the Lux of Luna,

And 'twas a nox most oppor- tuna

To catch a possum on a coona.

For nix was scattered o'er the mundus,

A shallow nix et non profun- dus.

On sic a nox with canis unus,

Two boys went out to hunt for coonas.
