

ALUMNI

We are exceedingly well pleased to note in passing the many tributes which are being bestowed upon St. Dunstan's by the vast number of her fans. These tributes are usually rendered through the agency of our Alumni Association and are always gratefully received. We realize, ex-saints, that these manifestations are the product of your fond remembrances of College days, and we trust that the spirit of such recollections shall not fade with passing years. St. Dunstan's has always been proud of the son who, after having passed from her protective walls, has made a success in life, no matter to what field of endeavour his efforts may have been directed. She has, moreover, much more reason to be proud of the son who has not only been successful but has also returned to give thanks to his Alma Mater from whom he received the first principles of law and order which are the keynote to every true success. To this latter class belong those who foster and bring about Re-unions, Alumni Meetings, etc., and to those we earnestly appeal for their continued support in the future.

Dr. T. B. Foley, ex '96, is now enjoying a steady practice in Back Bay, Boston, Mass. We sincerely hope for his continued welfare.

Mr. Gerald Dalton '20, recently completed an aviation course at Park's Air College, St. Louis, and is now pilot of his own plane. It is rumored that Gerry will pay a flying visit—in the literal sense—to the Island this summer.

Thomas Hynes, S.J., ex '23, is teaching in the Indian Industrial School, Spanish, Ont.

Richard Johnston, S.J., ex '25, and Vincent Murphy, S.J., ex '25 have begun their studies in philosophy at the new Jesuit Seminary opened in Toronto.

John Cass, S.J., ex '23, is on the teaching staff of Loyola College, Montreal.

Gerald L. Keefe, D.D.S. '26, is among those of Dalhousie University graduates who received the degree of Doctor of Dental Surgery at the Convocation exercises last week. We rejoice in his triumph and offer sincerest congratulations.

We regret to chronicle the passing of another member of our Alumni, Vincent M. Murphy, ex 1900 whose death took place, April 21 at Jamaica Plains, Boston. To family and friends, *Red and White* extends sympathy.

J. B. Cadrin, ex 1900 who hailed from St. Anselme, P.Q., is now commission merchant for Lake of the Woods Milling Company.

Francis Gallant who graduated from our Business Department in 1929, now holds a position with the Royal Bank of Canada in Ottawa.

We are pleased to note that we have another full-fledged medical man added to our Alumni in the person of Edwin J. Gillis—a graduate of '25. We wish Eddy much success in his chosen profession. We note, also, that Ray Johnston, ex '24, will complete his course in Dentistry in the near future. Best wishes.
