In his directives from Windsor Father Boyce has made it clear that this Renewal will differ radically from the concept of a closed retreat. The accent will be on "group reflection and discussion" sorther flection and discussion" rather than on silence. Conferences will be given but they will be will be given but they will be challenges to dialogue and discussion rather than lectures with ready-made answers. Both men and women will be free to attend the Renewal. Attendance is to be entirely a matter of free choice. The focal point of each day will be a Folk-Mass at 11 a.m.

The programme of the Reinewal will be presented in destail at the opening session of the Renewal at 8:00 p.m. on Thursday evening, March 3rd. Father Boyce's one request of all students, of all denominations is that they attend the tions, is that they attend the opening session before they make their decision as to whether they will attend the renewal or not. He feels confident that once they hear the programme that they will what a meaningful experience this renewal can be and that they will want to get involved in the Renewal.
