A Bird's Eye View

By Joe Condon

The chaos of the first few weeks of school is over. The ranks of the Junior Class seem depleted. A number of our class have failed to return due to failure, transfer to other universities, and various other reasons. Though smaller in number we still are the class of St. Dunstan's University. In the coming year we look forward to success in every aspect of university life.

The resident juniors of Memorial have informally adapted "We Shall Overcome" as their song for '64-'65. Our class softball team has already humbled the seniors in the year's first softball exhibition. Led by the four for four slugging of Dave Morton the Class of '64 were trounced by a 7-6 score. Dave Morton is also a star football player and all around B.M.O.C. During the game John Cowie established a new league record by handling eight chances with brilliant junior grace.

In the social circles we have already started to move. Yours truly has made an early move to enhance junior and sophomore relations by cavorting with John Driscoll's and Vince Mulligan's girl friend, Lynn. Willie Arsenault has already walked that magic, moonlit path to the Mount. That's our Willie.

Our navy men have returned from a summer on the high seas. Memorial Hall is so full of hot air it will burst. Jim (Boston Prep) Farmer MacDonald, Jerry Dunn, Bob Johnson and others have been telling of their exploits in Europe in a fashion that would humble Ian Fleming. Art Noonan (Air Force), has retained the VOICE. La Arbing has always liked to do things in a big way. His latest flame is a 225 pound beauty from Toronto. Bruce Garrity at the present time is showing no immediate interest in Island females. Is Bruce attempting to break family tradition? A flash has just come across the wire concerning our beloved Elf, Art Noonan. It seems that young Art has a passionate romance this summer in Shelburne, Nova Scotia. This is a warning to the co-eds to watch out for that "Man".

The Memorial Hall third floor Key Club is now holding interviews for prospective bunnies. Larry and John Nelson are once again rooming together. They have the prettiest room on campus. YET! THIR! I sure hope John gets one of those swinging haircuts again this year. Larry is not qualified to shave John's head because he still has failed to master the use of a razor. It looks like canteen service will be pretty bad this year. Marney usually sleeps during daylight hours and Britton doesn't have the gall to refuse credit. Well until the next issue beware of the MOON.

TREASURE VAN OFF TO GOOD START

The 1964 WUSC "Treasure Van" tours opened simultaneously last week in Ottawa and Fredericton.

At the University of New Brunswick in Fredericton, WUS Chairman, David Tilson, reported that sales were fifty percent higher than on the same day last year. Susan Arnell, WUS Chairman at Carleton University, Ottawa, stated that they had more than doubled the amount taken on the first day in previous years. The day's sales on both campuses totalled about \$2,500.

Among the fastest selling items were wineskins from Spain, exotic jewellery from a dozen countries, inlaid coffee tables from India; carved wooden-ware from Poland; llama-fur slippers from Peru, and fertility dolls from Africa.

New items, featured for the first time this year, that aroused special interest, included sword-sticks from Spain; "moon-men" from Sweden; hunting horns from England; statuettes and vases from Greece; and filigree from Portugal.

During the next ten weeks, the various "Treasure Vans" will visit 33 campuses across Canada. Sales are being organized by local committees of World University Service. Profits will go to help the WUS program in Canada, including aid to overseas students in Canada, and to Canadian students who wish to study abroad.

CUS WILL INVESTIGATE

TORONTO (CUP)—The Canadian Union of Students (CUS) will move to determine the constitutionality of the Canadian Student Loan Act.

The 28th CUS Congress will mandate two yet to be named member universities to investigate the feasibility of initiating a test case on the student loan fund.

Under the recently-enacted federal legislation, students may borrow up to \$1,000 interest-free per year over a period of five years.

Students in Quebec have charged the plan is a violation of provincial jurisdiction in the field of education.
