MOTION PICTURES—

On Wednesday, March 28, Messrs. P. W. Clarkin, D.P.A., of Canadian National Railways, and R. A. Pendleton, of Charlottetown, gave a motion picture show at the College. The scenes presented were from the different provinces of Canada and were illustrative of our country's great natural beauty and her wonderful resources. At the conclusion of the entertainment, a vote of thanks expressive of the appreciation of the students was tendered Messrs. Clarkin and Pendleton, both of whom in acknowledging the vote stated that they would be pleased to return at any time.

LECTURE—

On Wednesday, April 11, Rev. J. J. McDonald, Summerside, delivered an interesting lecture on his trip to Europe. Father McDonald is a lecturer of far-famed ability, and so we looked forward to his coming with eager anticipation, and, needless to say, our expectations were fully realized. His pleasant manner of speaking combined with his clear and accurate description of the many points of interest which he visited in the Old World, from his arrival in England, until his entrance into the Eternal City, held the undivided attention of his audience, whose interest never showed the least sign of weakening, though the subject was one that could not be dealt with in a short time. Upon the conclusion of his excellent address, the reverend lecturer was tendered a hearty vote of thanks by the students.

CADET CORPS—

The Cadet Corps, under the management of Mr. George McDonald, was inspected Friday, May 11. Owing to unfavorable weather conditions, it was impossible to begin drill as early as other years, but, despite the short time at his disposal and the fact that many of those on parade were inexperienced, Mr. McDonald brought his men along splendidly, with the result that they made a very good showing on Inspection Day.

NECROLOGY—

"Red and White" extends its deepest and most heartfelt sympathy to Francis and Arthur Hughes on the death of their father.

All that's bright must fade,—
The brightest still the fleetest;
All that's sweet was made
But to be lost when sweetest.

—Moore.

A people is but the attempt of many
To rise to the completer life of one;
And those who live as models for the mass
Are singly of more value than they all.

—Browning.
