

You'll be interested in the Extended Store

You are invited to visit this store when you come to town; we feel sure you will be interested in the improvements and extensions. For weeks we have been in the hands of carpenters, painters, cabinet makers, plumbers, electricians, floor finishers, who have been working day and night to make this store a better place for you to shop.

There's more room. When you come on Thursday, or any day, you will find now over fourteen thousand square feet of well-equipped floor space filled with the smartest new merchandise on the market.

You'll be interested also, we think, in the fact that all the improvements including the handsome new cabinet work is the product of skillful Charlotte-town workers.

We invite you to come and see.
