

SPEAKING ON SPORTS

By Paul D. Foster

HORIZON BLEAK

This year, due to the extended Inter-Collegiate schedule, the St. Dunstan's University hockey team has withdrawn from the Island Senior Hockey League. It would almost be an impossibility to contend in both leagues due to conflicting schedules.

The hockey team will have its hands more than full trying to win games in the Inter-Collegiate League. If the Saints did participate in I.S.H.L. it would be a matter of adding insult to injury. From every indication the hockey squad will consist of mostly newcomers with a few of last year's veterans. If the Mulligan brothers are declared eligible to participate the horizon will brighten up considerably.

SOFT TOUCH

The intramural "touch" football season has just about come and gone and the participation was the best ever. It would be inspiring to all fostering physical development to witness the enjoyment received by the players of these teams. The unusual inter-class spirit of challenge was most likely responsible for such a large turn out. The high degree of competition this year proves that J.F.K. is having some influence on this great sport on our campus. Due to so many keen encounters, the season produced a four way tie and for the first time in years a winner has not been proclaimed.

NEW EQUIPMENT

The varsity hockey team this year will be wearing an added piece of equipment. The sports page has been notified that it will be compulsory for all players to wear helmets while participating in the Inter-Collegiate League. This ruling has been in effect for some time in all American Colleges and has proved beneficial to all concerned. New hockey jerseys have also been purchased.

WHO PAYS?

A prominent question on the mind of most varsity athletes is one concerning the payment of costs incurred through injuries while participating in sports at S.D.U. In the past, doctor and hospital bills were, with few exceptions, paid by the player and then he was reimbursed by the A.A.A. However, most of these bills were slight. The question of high costs due to injuries of a more serious nature creates the problem. Will it be the A.A.A., the Students' Union, or the college itself who foots the bill in this case? As it appears it will not be any of the above three, but rather the player himself who will be faced with this financial problem.

No insurance plan thus far has been purchased for participating athletes and it is within reason that this burden should not fall upon the player. The players have so far been putting themselves in an extremely dangerous situation in regard to this matter. Some action is needed and wanted immediately. However, if some plan is in operation at this time the players should be notified of its existence.

SAINTS FAR FROM A PUSHOVER

In the Stadacona game, the Saints displayed one of the finest exhibitions of football yet this year. The opposing clubs have thus far all held the opinion that their game with St. Dunstan's was to be a push over, an easy win. In most cases it has proven to be a win but the push over part has never been so soundly disapproved. This year the Saints have the desire and the determination to win although the win column has not indicated such. Nevertheless, the S.D.U. squad has gained respect

from every rival club without exception and has proved its worth as a defensive ball club. It has been more than a few times that the Saints defense has repelled the opposition inside their own ten yard line. The transition from "B-Conference" ball to "A-Conference" has disclosed itself as being a good move.

The Saints have had a much better year than the figures indicate and a high-class of football was shown by the boys at all times.

ANY IDEAS? NAME WANTED

It has been proposed that a new name be given to the football and basketball teams. Therefore, it would be appreciated if each student would fill in the below with his or her suggested name. A container will be made available in the gym for these coupons.

Saints Capture First Win

All right boys, where's the ball?" yells the ref, as S.D.U. scores T.D. against Shearwater.

The Saints took their first win of the season by defeating Acadia 20 to 7. Action in the first half was generally sluggish. The only scoring came at 1:25 of the first quarter. The Axemen began their drive when they recovered an S.D.U. fumble on the Saints' 30 yard line. On the next play, Acadia's completed pass was nullified by a holding penalty. This made it first and twenty on the Saints' 37. A 34 yard pass and run play put the Axemen on the Saints' 3 yard line. Gilmore went across for the touchdown and Cadwell made good for the extra point to set the score 7 to 0 for Acadia.

There were only two scoring opportunities in the second quarter, one for either team. The Saints appeared to get rolling at the start of the quarter when they went from the Acadia 46 to the 18 in three plays. The drive petered out, however, and the Saints failed to gain sufficient yardage for the first down.

Acadia's big effort started from their own 37. In seven more plays they were on the Saint's 25. On the next play, Merrill, the Acadia quarterback made a dazzling run to the Saint's 2. Then, Griffith came through for the Saints and stopped the Xmen ball-carrier, at the same time shaking the ball loose. Saints recovered the fumble and the half ended. The score at the half time stood, Acadia 7, S.D.U. 0.

In the third quarter the Axemen could not get closer than 50 yards from the Saints' goal line. The Red and White team began their first big push from the Acadia 39. Then, Ripley hit Tingley with a pass, bringing the play to the Acadia 19. Ripley then carried to the 8; at 9:25, Bentham went over for the touchdown. The Saints failed to get the extra point and the score was, Acadia 7, S.D.U. 6.

The Saints' second drive started from the Acadia 31. Within four plays they were in scoring position and after Bentham and Ripley executed a beautiful fake up the middle, Ellis swept around left end for the touchdown. Perry kicked the extra point to make the score S.D.U. 13, Acadia 7.

Early in the last quarter, MacAlcer went in as quarter-back. The Saint's started from their own 34 and, due to strong running by Ellis, M. O'Brien, and Bentham, were inside the Acadia 5 in short order. Graham Conrad, one of Father Ledwell's former J.V.'s, finished off the effort with the touchdown. Perry came through with the convert once more and completed the score at 20 to 7 for the Saint's.

The Axemen were not through and with minutes remaining were deep within S.D.U. territory. The

Burman Takes Tournament

Terence Burman, a Sophomore Artsman from Montreal, has been proclaimed undisputed tennis champion of St. Dunstan's. He won the title by defeating Bob Francoeur of Rumford in the final match of an elimination round.

A greater deal of interest was shown in this year's competition which was organized by Owen MacDonald and Roger McIntyre. Despite the limited facilities, there remains room for much more student participation in this international sport.

Team Stars In TV Debut

The Saints proved to all viewers that football can be a most enjoyable and exciting spectator sport. The S.D.U. club drubbed the first place Stadacona team into the ground as far as statistics were concerned but were unable to get the necessary six points.

The first half saw the Red and White team holding the supposedly Sailor powerhouse to complete immobility once they came within reach of the goal line. The only scoring in the first half came late in the second quarter when an unfortunate snap was grabbed by the Sailors and two points were scored on a touch-back. The Saints made tremendous gains with Mike O'Brien carrying constantly but were unable to get behind the goal post for the big six pointers. The most amazing thing seen in this game was the solid wall put up by the defence. The boys on the line would not let the Sailors seep through. Colin Macmillan played an outstanding game at center as he has been doing all season. The half-time score was Stad-2, S.D.U. 0.

In the second-half the Saints again came out strong, but the Sailors took to the air where poor pass defence on the part of the Saint's was shown. As was pointed out, the Sailors could do nothing on the ground against the defence put up by the Saints, so passing was their only hope. This payed off for the Sailors early in the third-quarter when Glover received a completed pass and went the full way for the last touchdown of the day. The kick was good and the final score was 9-0.

Sport Flash!

The Jack Kane football squad has captured the Prince Edward Island Junior football title by defeating Prince of Wales College in the best of a two out of three games series.

unbelievable defence held, however, and the game ended — S.D.U. 20, Acadia 7.
