

there was no banquet this year. The Juniors, however, held an informal class dinner at the Queen Hotel, Charlottetown, at which Father Sullivan, Professor of Philosophy, was the guest of honour.

**Red and White** wishes all its readers a blessed Easter.

This winter the Saints are engaged in a great deal of sporting activities both on the campus and against outside competition. The wearers of the Red and White have so far given a very good account of themselves in competing with outside squads and, to all indications, before the college year is at an end more than one trophy will be resting on College Hill.

St. Dunstan's has for the past several years astonished many people by the strength of her athletic teams. In Intercollegiate circles the Saints, especially in hockey and football, have often been rated as the team to beat. Our athletics, however, have been handicapped by the lack of necessary accommodations for training. A gymnasium has for many years been our greatest necessity in athletics. Last spring a drive was launched by the St. Dunstan's Alumni to provide a suitable structure and we sincerely hope that their plans will be brought to a successful conclusion. With a proper gymnasium we feel we can produce boxing, basketball, and track and field teams on a par with any of the rest of the Maritime colleges. Not that our basketball team has not hitherto garnered many noteworthy honors. It certainly has. It has always been a leading contender in Island Basketball activities and much credit must be given both to the members of the team and to their Coach for the competition which they provide despite the lack of proper training facilities. If proper training quarters were available we feel sure that St. Dunstan's could produce a team which would be by far the standout in the local basketball circuit. So let's get behind our Alumni and help boost their project over the top.

Before we take a look at the more current sporting activities, let us bring you up to date on football from our autumn issue. A. J. MacAdam's second football team in their final game with Prince of Wales defeated the Red and Blue squad by a score of 5-0 and by virtue of this win won the Island Intermediate Intercollegiate championship. Young Joe Malette was the hero of this game as he ran and dodged his way from his fullback position through the entire P.W.C. squad to score the winning try for the Saints. The members of S.D.U. second football squad, the Island Intermediate Intercollegiate Champions are: Backfield: J. Malette, D. Murphy, J. Cash, J. O'Connor, G. MacDonald, F. McKinnon, M. Martin, K. MacDonald, J. Dorsey, Forwards: B. Ledwell, G. McInnis, B. Corbett, E. Pendergast, T. Pendergast, A. O'Brien, J. D. McCarville, A. MacDonald.

---

## HOCKEY

The St. Dunstan's Senior hockey team entered both the Intercollegiate hockey play-offs and the City Hockey League. The team is coached by Father George MacDonald and Jackie Kane. The captain of the squad is Reg. Rodgers, smooth-skating centre of the Saints first line, who has also filled in on the defense. The team has much the same line-up as last year with exception of Des Burge, who played on defense for last year's squad. The new additions to the team include Gerard MacInnis, "Shana" Francis, Mark McQuaid, Johnny O'Connor, Stan Deighen, who starred with last years' junior team, Jerry MacQuaid, who for some years has been handicapped by a weak knee, but has returned to his old form this year and is having a very successful season, Nazaire Crete, Jean Boivin, Phil Murphy, and Cliff Bernard. Back from last year's squad are such stalwarts as the ever-reliable Joe Mahar, Mike Hennessey, Cart MacDonald, Kiker MacIssac, Wildor Houde, Bill Ledwell, Allison Farmer, Reg. Rodgers and Jim Ayers. The regular goalie this year is Frank Strain.

Throughout most of the season the Saints have been crippled by loss of several of their best players and therefore did not accomplish what they otherwise would have done had they been at full strength. In the Intercollegiate play-offs they lost to St. Thomas in a two game total-goal series 13-11. In this series the Saints were without the services of Cart MacDonald, Mike Hennessey and Jim Ayers.

At the completion of the City Hockey League's regular schedule, the Saints finished in a tie with the Navy for second place with 12 points. The other two teams in the League were Summerside, who finished in first place with 13 points, and Prince of Wales, who at the end of the schedule were in last position. In the City Hockey League play-offs, the Saints eliminated Prince of Wales in two straight games and at present are waiting to enter the finals against the Navy team who have succeeded in beating out the All-Stars from Summerside for a berth in the finals. To quote Mahar about the play-offs, "We're going to win it again this year, and in straight games too." We hope you're right, Joe. That old Dougan trophy looks mighty nice where it is. In the City Hockey League scoring race Wildor Houde, who has one of the hardest shots in the League ended in second place with 18 goals and 8 assists for a total of 26 points.

The Junior Hockey team has been organized again and is coached by A. J. MacAdam. They have been holding regular practices and in outside competition have split a return series with Morell. Among the best prospects of this team are, on defense: Babe Martin, T. Pendergast, Babe MacAdam, and E. Devine; forwards: J. Dorsey, H. MacDonald, P. Sinnott, B. Corbett, C. Callaghan, G. Kelly, C. Cheverie, F. Coyle, H. Martin.

In the Intramural Hockey League there are eight evenly balanced teams engaged in hotly contested battles for the league honors. To quote Ebbie Devine, "Be sure and say that Grade XII is well out in front and, as yet, are undefeated," He also wishes it recorded that this outstanding record is largely due to a hard-hitting defenseman, E. Devine. Grade XII finished the league in first place and in the play-offs have eliminated the Sophomores in the semi-finals. In the other semi-final series, the Commercial team defeated a strong squad from Grade XI. In the regular league scoring Johnny O'Connor, for the second straight year, lead the league. This year he had a total of 13 points.

There is also a very active Juvenile League this year with several teams competing including entries by both the C.O.T.C. and U.N.T.D.

---

### INTERCOLLEGIATE GAMES

In their first game of a two-game, total-goal series with Str Thomas on Feb. 8th. the Saints lost 8-5. In this game Rodger. scored twice; MacIsaac, Mahar, and J. MacQuaid once. In theis

second game at Charlottetown the Red and White boys defeated the St. Thomas team 6—5; however, they lost the series 13—11. We feel sure that had the Saints been at full strength for this series the outcome would have been a different one. In the latter game the work of Joe Mahar was outstanding. Except for two minutes in the penalty box, Joe played the entire game and was the outstanding player of that night.

### CITY HOCKEY LEAGUE GAMES

The Red and White squad made their debut into the City Hockey league this year by a 3—2 victory over Prince of Wales. Houde clinched the victory for the Saints late in the third period when he slammed the puck home on a passing play from Mahar and Hennessey.

In their second game on Nov. 23, the Saints dropped a decision to the Navy, 8—3. It was a hard fought game throughout, but the collegians just couldn't seem to get organized during this game.

On November 30, the S.D.U. squad handed the Summerside All-Stars an 8—4 setback. The Saints definitely showed their superiority over their opponents, who seemed to be suffering from lack of condition and practice.

In their last game before the Christmas holidays, on December 7, the St. Dunstan's team gave the Prince of Wales team their worst defeat of the season with a 12—3 defeat. The entire S.D.U. squad was a stand-out with the work of Hennessey on defense especially noteworthy. Houde led the individual scorers in the game with two goals and two assists.

In their third game with P.W.C. the Saints dropped a close 5—4 decision. The game was a hard-fought contest throughout with the S.D.U. squad losing out in the final minutes.

On January 16, the Red and White team suffered a severe set-back at Summerside when the All-Stars defeated them 13—3. The Saints lost the services of Mike Hennessey, their star defenseman, early in the game and after that the Summerside boys went right in on Strain, who despite the high score against him, played well and had little chance on most of the goals.

On January 28, the Saints defeated the Navy 3—2, and moved into a tie with Navy for second place in the City Hockey League. Rodgers, the S.D.U. team's captain, was high scorer for the Saints

with two goals, while Farmer scored the other goal for the Red and White squad.

At the Forum on January 20, the Saints moved into first place with a 5—4 win over Summerside. Both Saint's goalies were injured in this game with Strain suffering a broken nose and Crete received a cut in the head that necessitated several stitches to close. MacIsaac and Houde both scored twice for the Saints while Cart MacDonald tallied the other goal for the Red and White squad.

Crippled by the loss of Cart MacDonald, Mike Hennessey and Jim Ayers, the boys from College Hill dropped a 9—6 decision to the Navy squad. The Saints fought hard and were by no means out-classed, but the loss of these players was felt to a considerable extent especially on the defense. This game also saw for the first time this year the appearance of A. J. MacAdam on the defense for the Saints. Always a tower of strength, A. J. helped to bolster the S.D.U. squad greatly.

In their last scheduled regular game with Prince of Wales, the Welshmen defeated the Saints 6—3. The Red and White squad was definitely outplayed in this game by the City Collegians who played one of their best games of the season.

In their final game with the Summerside All-Stars, St. Dunstan's lost a heart breaking 8—7 decision. The Saints led 7—4 with only about ten minutes to go in the third period. The All-Stars however slammed home four goals in the time remaining to win the victory. Houde was the high scorer for the Saints with three goals.

The Saints wound up their part of the schedule with a convincing 10—5 victory over the Navy. The Saints really played play-off hockey in this game and established themselves as a definite threat to retain the championship, which they won last year. Houde was the high goal-getter of the game with four goals. Rodgers also got two for the Saints, and Mahar one.

#### CITY HOCKEY LEAGUE PLAY-OFFS

On March 1st, the Saints defeated the Welshmen 5—2 in the first game of a two-game total-goal series. Cliff Bernard and Rodgers led the S.D.U. squad with two goals each.

On March 3rd, the Red and White squad downed the P.W.C. 6—5, and thus eliminated the Welshmen, taking the total-goal series 11—7. The goals for the Saints were scored by Bernard, Hennessey, and MacDonald with two each.

## BASKETBALL

The senior basketball team is being coached once again by Father Walter McGuigan, who has turned out so many outstanding basketball players for St. Dunstan's in the past. The Saints are entered again in the Island Physical Fitness Basketball League. The other teams in the league are Prince of Wales, Recce, Ray's Millionaires from Charlottetown, and Schurman's and the R.C.A.F. from Summerside. At present the Saints are firmly established in second place, while the Recce team is in first. Back from last year's squad are Clarence Roche, who is captain of the team, Willie MacDonald, Bob Noble, Owen Mullin, John Bradley, John O'Connor, Billie Ready and Pete Dunphy. Two very valuable additions to the team this year are Bill Buckless and Jack Reardon, both from the United States. Bill is one of the smoothest working and effective basketball players to come to St. Dunstan's for some time. In his last four games he has averaged 22 points per game. Reardon, an Augusta, Maine boy, showed that he knows his way round the basketball court, when in his last game he amassed a total of 31 points. Jack is still eligible for the Juvenile ranks, and if he continues to improve he should turn out to be nothing short of a sensation. Our one and only regret about Basketball is that once the ice surface is laid in rink, all basketball activities on the campus cease. The students therefore are unable to attend the great majority of the Saints' games. However, we hope that this condition will be rectified in the near future.

As far as we can learn at the time of writing the Senior squad is once again entering the Maritime Intermediate Intercollegiate Basketball play-offs. Last year the team made a very creditable showing and this year we feel very sure that they will do even better. The **Red and White** wishes Fr. McGuigan and his senior basketball team every success in their quest for intermediate inter-collegiate basketball honors.

The second team has played one game since Christmas, which they dropped by a close 51—41 decision to Prince of Wales' first team. A St. Dunstan's Juvenile team has defeated an All-Star Juvenile squad from Charlottetown 53—36.

The Intramural Basketball League was one of the most successful in years. There was seven teams in the regular league with the top four teams in the play-offs. The Junior Class team emerged victorious in the play-offs after being hard pushed by both the Grade XII and Grade X squads. In the intramural scoring

race Jack Reardon lead with 129 points, followed by Russel Arbing with 115.

The Junior Basketball team was composed of the following players: R. McCarville, R. McCloskey, M. Hennessey, A. MacIssac, T. O'Connor, H. McPhee, R. McLellan.

There was also a very active Juvenile basketball league with a large number of teams participating.

### EXHIBITION BASKETBALL GAMES

On December 2, the senior squad defeated a Navy team from Charlottetown 47-26. The high scorer of the game was Owen Mullin of the Saints with 17 points, followed by Joe Cullen of the Navy with 11 and Buckless of the Saints with 10.

On the 4th. of December the Red and White boys decisively defeated Prince of Wales 45-17. The high scorer of the game was Buckless with 12 points, followed by Bradley and Roche with 8 each.

### ISLAND PHYSICAL FITNESS BASKETBALL LEAGUE GAMES

On January 12, the Saints journeyed to Summerside and there defeated Schurman's basketball entry in the league 46-39. Buckless of the Saints lead the scoring in the game with 16 points.

The Red and White squads returned to Summerside and there on January 19, the boys from College Hill defeated the R.C.A.F. team 42-38. The high scorer for the Saints was once again Bill Buckless with 12 points, followed by Roche with 8.

The Saints met their first defeat of the season on January 22, when they lost out to the Recce squad 51-43. Michelson of the Recce Squad led the individual scorers in this game with 22 points.

On January 26, the Saints dropped another close one to the Recce team 53-47. MacLean and Mickelson were the high scorers for the Recce squad, while Bradley and Buckless lead the College team.

The S.D.U. squad bounced back from these two defeats with a vengeance on January 29, when they downed the Welshmen from P.W.C. 75-24. High scorers for the Saints were Buckless with 23 and Roche with 21. Here we would also like to add that Bill

Ready, hard-working guard on the Saints team, finally snapped out of his scoring slump and from here out is to be credited with one basket—two points. Congratulations Bill.

The S.D.U. team, on February 5, in an encounter with Ray's Millionaires downed them decisively 67—37. LePage led the individual scorers with 19 points followed by Buckless with 16.

In their second game with P.W.C. this year the Saints eked out a close 55—54 victory over the City Collegians. Buckless led the scoring with 24 points followed by Pierce of P.W.C. with 23.

In a return encounter with Ray's Millionaires the Saints once again emerged victorious by a score of 68—52. Buckless again led the scoring with 26 points.

## NONSENSE AVENUE

This is the time of year when we return after spending a few weeks pleading with the editor to give us one more chance. I know that most of you are under the impression that humor editors have a soft life just lying around in the sun. That's not true. There hasn't been any sun, and anyway we hate the sun. However, everybody assures us we've got what it takes if we'd only take it away. But we are not the only ones who have not been getting ahead.

People have been wondering for ages why it is that crabs walk sideways. Well, it's like this: a crab, having once got a look at himself in the mirror gave such a violent shrug that forever after he doesn't give a hang where he's been, or where he is going, and therefore moves in the only other direction he knows of. A father crab once said to his son: "Young'un unless you learn your books you'll never get aside in the world." Speaking of crabs, an old schoolteacher once fell in love with a surgeon, but never married him because the kids always brought her an apple a day. Aren't you glad you're reading this? It's instructive as well as boring and certainly proves what we've always said . . . the pen is deadlier than the sword. And besides, where can you get a sword that writes under water. The amazing thing to remember, however, is that men and women are people who have been overheard to say, "Boy, can she cook—you ought to taste her fudge."
