

ATHLETICS

As the end of the year draws near, the students put on a final drive before their exams. Everyone is tense and the only way to relieve the pressure is to drop everything now and then and indulge in a game of some sort. For this reason the handball alleys and softball diamond have been crowded with students trying, for a while at least, to forget their studies.

SOFTBALL

The softball league was made up of four teams, Senior Juniors, Soph-Freshmen, and High School. It proved to be a very interesting league because the teams were well matched. At present the league leaders are the Seniors and it seems most likely that they will win the championship.

A number of outside games have been played with the "Saints" coming out on top in each case. In one game, the "Saints" had little opposition except from a gabby shortstop and a good-natured left-fielder. The second game proved little better as the "Saints" whipped Royalty 23-4. In each case the lineup for the "Saints" was as follows: Catcher, Bert Steele; Pitcher, Chris Gallant; Ist. Base, Pius Murnaghan; 2nd Base, K. Mooney; 3rd. Base, Maurice Smith; Short Stop, Howard Hogan; Center Field, Len Connolly; Right Field, Vince Grant; and Left Field, Jack Coyle.

There seems to be little interest taken in tennis this year. No one wants to help fix up the courts.

At last we have a real, honest-to-goodness football field. All we need now is a winning team. We can have that if everyone gets down to business and comes back in real good shape next fall. Let's give it a try fellows! Don't forget we did not do so badly last fall but we can do better. Incidentally before we close the sport album for

another summer let's look over what has been done in the past year.

Last fall the senior team did not bring the enemy back upon its shield, but at least our opponents knew they had been in a scrap. The intermediate team did better, however, and crushed its ancient rival P. W. C. in two straight games to win P. E. I. inter-scholastic title.

In hockey, the senior team won the P. E. I.-N. B. intercollegiate title but lost to Acadia in the Maritime finals.

In general, the teams did well, but there is still room for improvement. Better luck next year.
