St. Dunstan's glories in the honor, conferred on one of the foremost of her sons, Bishop Francis C. Kelley, in his recent appointment as Rector of the Catholic University of America. Bishop Kelley left St. Dunstan's in '87, to study in Nicolet Seminary, and, at the early age of twenty-three, was ordained to the Priesthood, to serve a number of Missions in Michigan. While there, he conceived the idea which later took definite form in the founding of the American Catholic Church Extension Society, of which he was the first President. This position he retained until 1924, when he was consecrated Bishop of Oklahoma.

Since taking possession of this Diocese his work has been nothing short of the marvellous. Schools, Convents and Churches have sprung up everywhere, and all of them will serve as a lasting memorial to the untiring energy and zeal of this distinguished son of "Old St. Dunstan's."

By the death of John M. Hughes, ex-'90, which occurred recently in Charlottetown, St. Dunstan's loses a friend, staunch and true. Ever since his student days, Mr. Hughes evinced a lively interest in this Institution. Last year with the rejuvenation of the Alumni Association, he was elected senior member of the Executive, and in this capacity, by his wisdom and untiring energy, aided greatly in the work of the Association. St. Dunstan's grieves at his death, and extends sincere sympathy to the bereaved relatives.

And now, before we lay aside our pen, we wish to thank sincerely, all those who have in any way helped this department. Yet, we have not received the co-operation that might be given. The Alumni Department should hold an important place in the College magazine; and that this will be so in the future is insured by the progressive action of the Alumni Association during the past year. The Executive has got in touch with a large number of former students, and the work is still progressing. Ex Saints! Consider earnestly the appeal which you will receive. Lend a helping hand to your Alma Mater, "Old St. Dunstan's."
