MONDAY MARCH 5, 1962

## NEW LIBRARY FOR S.D.U.

### CONSTRUCTION TO BEGIN IN SPRING

THE NEW KELLEY MEMORIAL LIBRARY

The building will have reading rooms on each side of the stacks on both the lower level and the main floor level. There will be space for 300 students at any one time. One very attractive feature of this latest addition, therefore, will be the

carels, or individual seating arrangements, whereby students may have privacy in pursuing their research and studies.

The new library will contain an elevator which will travel from the lower level through to the clerestory. Apart from the necessary rooms required for library administration, the building will contain a lounge or smoking room; a language laboratory; seminar rooms; a microfilm room; a typewriting room, and wash rooms.

The new building will be orientated in a north-south direction, with the administrative office entrance opening on the quadrangle directly opposite the entrance to the gymnasium. The 162-foot length is parallel with the Malpeque Road. The building is to be heated by means of a circulated hot-water system. The main heating plant of the campus will supply the heat energy in steam, which will be converted in this building into hot water.

Tenders for the construction of the library building will be called early in March, with actual construction slated for April.

The estimated cost of the building will be \$400,000.

The new library building is

a departure in its architectural character from existing buildings on the campus, but it is not unrelated in terms of materials and forms. Characteristics which are common to the existing buildings are to be found in the new library, but in a more contemporary attitude.

Technically, it is a two-storey building of steel frame and masonry construction. Although the building has a full two-storey of interior space, the exterior walls are not a full two-storey height. The entrance is five steps above grade level, and from the interior entrance stairs lead to the upper level and to a lower level. There is no basement under the building. The dimensions of the building are approximately 90 feet wide at the widest section, and 162 feet in length. The University administrative offices will occupy one end of the building. The remainder of the building is devoted entirely to library function. Stacks are located in the core of the building, and are found on levels: the lower level; the main reading level; and the mezzanine level which extends itself above the main roof of the building in forms of clerestory. In all, there will be capacity for 90,000 volumes.

### St. Dunstan's Day

St. Dunstan's Day began officially at 11.30 a.m. Tuesday, February 6, 1962, with the celebrating of Solemn High Mass by Monsignor John A. Sullivan in the University Chapel. According to the tradition of S.D.U., all the students were invited to attend this Mass and the special dinner which followed. After the Mass, which was attended by the entire student body the Coeds left for Marian College to participate in a banquet presided over by toastmistress Patsy MacNeil. Father MacGuigan was called upon to open the festivities by saying grace. After all had finished eating Miss MacNeil proposed the toast to the Queen. Father MacGuigan was then called upon to say a prayer for the Holy Father, the Pope.

The toast to the Country was proposed by JoAnne Donahue and responded by Jennie Phalen. The College and the day were toasted and responded to respectively by Frances MacDougall and Eleanor Noonan, and by Anne Curran and Anne Affleck.

The male segment of S.D.U. held their banquet, presided over by Dan O'Hanley, in the Common Refectory. Father Allan MacDonald was called upon to say grace. After the meal Bernard Callaghan proposed the toast to the Church, which was responded by Armand DesRoches. The toasts and responses to the College and the Country were given by Bill Dolan and Colin MacMillan, and Ed Benson and Dave Campbell respectively.

The guest speaker of the day was Mr. Eugene Gorman, Deputy Minister of Fisheries for the Government of Prince Edward Island, and an alumnus of St. Dunstan's University. Mr. Gorman spoke on the challenge and the responsibilities which await young men and women when they find their various stations in life after leaving university. Mr. Gorman mentioned that much is expected of the St. Dunstan's graduate, because much is expected from those to whom much has been given. He further mentioned that we have been privileged to receive the greatest legacy which could be bestowed upon us, — our faith and knowledge. Mr. Gorman concluded on the note that to the young people must fall the task of correcting the ills of the world they inherit; but most particularly, the task is for us, who are the heirs of the Christian tradition.

The festivities ended in the evening with the spirited production of "Carousel" by the combined talents of the Glee Club and the Dramatic Society. This production was widely acclaimed to be one of the most successful events presented on the campus within recent years.

### Liberal Club Elects New Leader

Ken McCaffery, a Freshman Arts student, was elected president of the SDU branch of the Canadian University Liberal Federation recently.

Upon the resignation of the former president, Gene Quinn, three nominations were made: Mait MacIsaac, Marcia Arsenault and Mr. McCaffery. The ensuing election declared the latter as president.

### Saints To Meet N.S. Champions

Saint Dunstan's Basketball squad will meet the winner of the Nova Scotia division for the Maritime Basketball crown early in March. At press time, the N.S. winner was not declared.

A best two out of three series is to be played for the title, the first game at the home of the N.S. champs on March 3; the second, and if necessary, the third games here on the 9th and 10th of March respectively.

### Lecturer Announced

The St. Dunstan's University Lecture Series for 1962 will be delivered by Dr. Marshall McLuhan in the Alumni Gymnasium on April 16 and 17. Dr. McLuhan is chairman of the Graduate Seminar in Culture and Communications at the University of Toronto.

### CFCCS Presents

On Sunday February 11, CFCCS presented a "Latin American Day". Many fine speakers were on hand to present a clear picture on such a vital area.

The Editors feel that a clear insight into this subject is of a great importance and hence we present a synopsis of the main speeches for the many who did not attend. See page 5.

### Inter-Class Drama Festival Planned

Word from the Dramatic Society has it that the curtain will be drawn back soon for the amateur players of the various classes of the University.

An inter-class drama festival became an annual event some years ago and it is felt by dramatist Father Adrian Arsenault that this cultural and enjoyable tradition should be revived.

Each class president will be called upon to organize his class production with a view to stimulate and bring out the dramatic talent. Class presidents will also appoint script writers and production directors for each half-hour play.

It is anticipated that curtain time will be in mid-March.

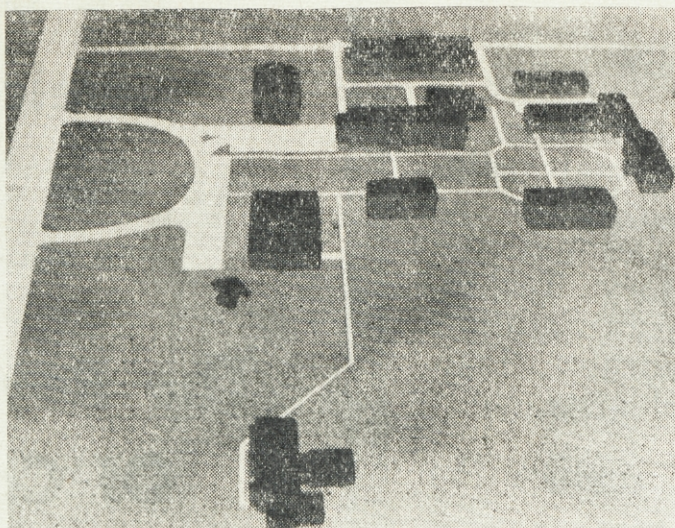

### Society Pictures

Group pictures of the various societies will not be presented to students this year. This decision was reached by the Student Council at a late January meeting.

Reasons for the move to abolish the portraits include the facts that the depleted funds of the Student Union could not stand the drain, and that many students do not see fit to pick up their souvenir picture at the end of the year.

The motion advocating the abolition of these pictures brought a prolonged debate from members of the Council. William Dolan, Red and White Editor, felt that the pictures should be continued and given as a token of appreciation to those students who participate in extra-curricular activities. One member of the Council pointed out that all societies would be represented by a picture in the year-book. Another retorted that year-books could not be hung on walls.

A close vote carried the motion, thus ending a tradition temporarily if not permanently.

Pictured above is a model layout of the campus including the location of the new library building. (Note arrow.)

### S.D.U. DEBATERS TOPS AGAIN

In keeping with near tradition the St. Dunstan's Debating association has again brought home the Maritime Inter collegiate Debating Championship with a clean record of three winning decisions.

Official announcement of this was made by Hughes Gibbons, League Chairman on Feb. 22. It is the sixth time that St. Dunstan's has won the Maritime championship.

In the first home debate against St. Thomas' University on February 18, Ed Benson and Paul Batchelder won a split decision in upholding the resolution that "It is practical for the average Canadian family to have a fallout shelter."

The following night, Vibert Rosemay and George Chaisson won a unanimous decision over Mt. Allison in supporting the topic that "The U.N. made a wise decision in the use of military force in the Congo".

while Colin MacMillan and Harry Callaghan were also successful away at St. Mary's by proposing that "It is better to submit to Russian domination than to risk total annihilation by a nuclear war."

As winners of the Maritime division, St. Dunstan's will go to the Dominion Finals to be held in Ottawa.

Winners of other divisions and the opponents our team is to face are: Bishop's University of the Ontario - Quebec League, University of Sherbrooke of the French speaking Villeneuve League and the University of Manitoba of the Western League.

St. Dunstons will be represented in the finals by Ed Benson, Senior Arts, Vibert Rosemay, Junior Arts. Colin MacMillan will serve as alternate. Father Bolger, moderator and coach of the debaters will also be going along.

### Monsignor Penny To Conduct Student Retreat

The Office of the Spiritual Director has announced that the Right Reverend William Penny, D.P., V.F., will preach the students' retreat, which is scheduled to begin at 8 p.m., on Sunday, March 11. As usual the retreat will be a closed retreat, lasting until Wednesday noon, on March 14. All Catholic students, both resident and non-resident, in university and high school are thereby afforded an excellent opportunity for spiritual renewal and growth.

Monsignor Penny, a native of Halifax and presently the pastor of Immaculate Conception Parish in Woodside, N.S., comes with advance notice of being a very fine retreat preacher. Monsignor Penny received his

M.A. in Philosophy at C.U.A. in Washington. At Catholic University he was a contemporary of our Rector, Monsignor Sullivan. Upon return from Washington Monsignor Penny was pastor in Yarmouth, and later in Dartmouth.

Good news for non-resident students is that the retreat for them this year is an outright gift from the University. They are not expected to give even the ordinary stipend for meals. For non-resident Seniors and Juniors there will be rooms available. Upperclassmen who want to live on Campus during the retreat can make arrangements any time now with Rev. Charles MacDonald.
