

# ATHLETICS

In spite of an unusually short season, a large number of interesting games of baseball has been played on our campus this spring. Owing to the fact that rehearsals of the college play were held during our usual hours for athletics, baseball had to take second place in the events of the day. On this account an Intermural league similar to that of the past few years could not be formed. Corridor teams took its place. The games between these teams were, on the whole, interesting. Although this arrangement has many good features, it is not the best. It does not bring out the best brand of the ball.

Up to the present our Senoir team has played two games Both were against the League of the Cross, and were played in Victoria Park. The result was that the Saints returned with the long end of the score. The first game was played under very unfavourable weather conditions, with the result that there was much loose play on both sides. Both teams batted well. Rain put an end to the game the seventh inning. The score then stood 11-8 in our favour.

The line-up was as follows:

S. D. U.		L. of C.
Gillis,	Catcher	McAler
Doyle,	Pitcher	McQuaid
Kennedy,	First Base	McCarey
Murphy	Second Base	Joseph
MacCauley	Third Base	Bradley
Kiggins	Short Stop	McQuaid
O'Brien	Left Field	Dillon
Gallant	Centre Field	McDonald
Cameron,	Right Field	Howitt

The second game was also a victory for our team. Score 13-3. Both teams played fast, snappy ball throughout. The game was featured by splendid pitching and fine fielding. The Saint's battery, Doyle and Gillis were very effective. Except for a few changes, the line-up for both teams was the same as for the first game.

At present arrangements are being made for the Saints to meet the Maddisons some time before the closing of the University. No doubt this will be a very close game. We are confident, however, that our team will uphold their good name, and return once again to us with victory.
