Born at Portneuf, Quebec, in 1924, Irénée entered St. Dunstan's from Trois Rivières Seminaire in the autumn of 1946. A real hockey enthusiast, he was an effective player on his class team in the intra-mural league. He intends to study medicine at Laval next year.

Specialities—posting notices with a sting in them.

This year he served as President of the College Glee Club, and, during the past four years, has been a valuable member of the College Choir.

Your ready wit and habitual cheerfulness is going to be missed Clark, but all good things must come to an end. So long, "Red."

So active, so inquiring eye, or tongue

Marjorie was born at Charlottetown in 1926, and attended public schools in both St. John and Charlottetown. Honors came early and easily to Marjorie: the Governor-General's Medal, the Bishop's Scholarship, and the City of Charlottetown Scholarship. On the completion of the four year's course of Prince of Wales College in three years, she graduated with the highest honors. At S. D. U. she participated in dramatics and in inter-collegiate debating (being a member of a winning team this year). She served on the staff of **Red and White**, during 1946-47, and maintained a lively interest in all other college activities. We wish Marjorie every success in her chosen field, Library Science.

Born in Matane, Quebec, in 1925, Jacques came to St. Dunstan's in 1945, after completing six years at Rimouski Seminaire. During his two years here, he has proven himself to be an apt student and a popular friend to all. His popularity was proven by his being chosen as one of his class officers.
