

ture and capably delivered by one of the pioneers of the society who, having served as a photographer in the American Army Air Force, has adequate training for the task. Membership is open to all students of St. Dunstan's who have an interest in photography.

This group of students deserve commendation for their very forward and progressive action since not only will their efforts provide students with an interesting and profitable pastime but will also serve to increase the students field of knowledge. Knowledge of photography may be quite beneficial to a student when he finds himself embattled in the struggle for existence. Since the ever-widening field of phototgraphy offers great opportunity for a lucrative profession, we can well see how this inauspicious beginning may lead later to a profitable and provident means of living.

We wish the Photo Club every success in its work and it is our hope that eventually all students will avail themselves of the many advantages offered by it.

COLLEGE CHRONICLE

COLLEGE CHRONICLE

His Excellency, Most Reverend James Boyle, paid a visit to the students on Thursday morning, November 14th. Following the offering of the Holy Sacrifice of the Mass, His Excellency spoke to the students regarding false systems of education.

** * **

The college faculty has received a new member in the person of Reverend Thomas P. Butler. Father Butler graduated from St. Dunstan's in 1937 and then went to the Sulpician Seminary in Washington, D.C., to take his seminary course. He then joined the chaplain service of the R.C.A.F., and was stationed at Summerside for a time before proceeding overseas. He returned to Canada in September of last year and was appointed to the faculty here. Although he has been with us only a short time, he has become very popular with the students. **Red and White** takes this opportunity to welcome Father "Ted" to St. Dunstan's, and expresses the wish that his stay among us will be a happy one.

Since the last edition of **Red and White** was published some new societies have been organized on the campus. One of these was the St. Dunstan's branch of the Maritime Intercollegiate Debating League. The Officers of this organization are:

James Kelly	President
Leo Griffin	Vice-President
James Smith	Secretary
Claire MacDonald	Councillors
Michael Hennessey	
Rev R. G. Ellsworth	Moderator

On November 10th, a Maritime Intercollegiate Debating League was held at King's College, Halifax, to draw up debating plans for 1945-46. James Kelly and Ernest Hemphill represented St. Dunstan's. According to the debating league schedule drawn up at that meeting, St. Dunstan's is to compete in three debates. Two of these will be at the home against Dalhousie and St. Thomas; the other will be against St. F. X. at Antigonish. The specific dates have not yet been decided upon.

** * **

Another of these new societies, even if a minor one, is the Photo Club. The officers of this group are:

Rod MacDougall	President
Richard Bourget	Vice-President
Frank MacAulay	Secretary
Cyril Sinnott	Councillors
Maurice Smith	
Rev. J. P. E. O'Hanley	Moderator

** * **

This Dramatic Society is busily engaged in making preparations for the presentation of **Arsenic and Old Lace**. The cast has not yet been selected, nor has any definite date of presentation been decided upon. The president hopes to have it ready for the end of February.

** * **

Chiefly through the efforts of President James Morris, the constitution of the Amateur Athletic Association has been revised. This revised constitution clears up several articles that were not clearly stated in the former edition. The revised constitution was accepted by the students at a general meeting held on November 28th. The constitution is now in the hands of the printer and will soon be available for distribution.

The students heard with regret that James Morris, popular member of the Senior class, was forced to leave college because of illness. We are pleased to announce that at last reports, Jim is improving greatly, and will be able to return to college next fall.

By far the most important event of the year so far as the alumni are concerned is the recent announcement of the appointment of the Most Reverend James C. McGuigan, Archbishop of Toronto, and member of the class of '14, to the College of Cardinals. As this important event is treated elsewhere, suffice it for this editor to extend his sincere congratulations. A worthy honor for such a distinguished alumnus!

** * **

Congratulations to Charles F. McIvor, ex '46, who was married on December 26th to Miss Carrie Kenny, R.N., of Charlottetown. Charlie was a very popular student here during the past five years, and will be greatly missed, especially by the Glee Club and Choir.

** * **

Father Fournier of the White Fathers of Africa visited the college during December. While here he delivered a very interesting lecture on the life of the African White Fathers. Since that time Father Fournier has returned to Africa.

** * **

Red and White extends congratulations to Major F. C. Jennings, R.C.A.M.C., who was awarded the honor of Member of the British Empire in the King's New Year's Honor List. Major Jennings taught Chemistry and Biology here in the early twenties before he went to Medical School.

The sympathy of the Student Body goes out to Frank O'Keefe on the death of his sister, to Frank Aylward '44 on the sudden death of his mother, and to Michael Hennessey on the death of his father.

** * **

Red and White extends sympathy to a former Rector, Rev. Terence Campbell, and to the people of St. Andrews' Parish in the loss by fire on January 20th, of the historic church of St. Andrews. The church was built hard by the site of St. Andrews' College, the predecessor of St. Dunstan's, and treasured under its altar the bones of the first Bishop of the Diocese, Rt. Rev. Angus McEachern. The loss to the parish is a severe one.

Just going to press we hear of the destruction by fire of the Summerside Church, and we offer our sympathy to Monsignor MacLellan, also a former Rector of St. Dunstan's, and to the parishioners of Summerside. The church was over seventy years old, but it was repaired and redecorated in recent years, and gave promise of serving the parish for many years to come.

ATHLETICS

Since the autumn issue of Red and White St. Dunstan's teams have given a creditable account of themselves in every field of sport. The senior football team, under the capable guidance of Rev. W. MacGuigan, although defeated in the first game of the Maritime Intercollegiate semi-finals, came within an ace of advancing to the finals. The second Saints, coached by Rev. F. L. Cass, forced the P.W.C. squad to three games in the provincial intermediate series, but were beaten in the final game.

With the advent of the New Year the main interest among sports lovers is of course the King of winter games, Hockey. This year St. Dunstan's has been able to ice a team of which we are justly proud. Under the direction of Rev. G. A. MacDonald, ably assisted by Jackie Kane, the Saints have played four games to date in the Charlottetown Hockey League and have defeated the Navy and Legionnaires, but lost two games to the P.W.C. squad. The Maritime Intercollegiate Hockey Schedule has not yet been officially released, but it is presumed that the Saints will meet the New Brunswick winners in the semi-finals. We are confident that the team will give a good account of themselves during the remainder of the season, and Red and White wishes them every success in their future games.

FOOTBALL

Maritime Intercollegiate Series

S.D.U.—8

U.N.B.—3

After losing the first game of a two game total score series by a score of 6-0, the Saints came home to win the final game 8-3, thus being edged out of the finals by the slim margin of one point.

U.N.B. took the lead in the first half as McDurmott went over to make it 3-0 after the Saints had pushed back several attempts from their three yard line.
