Lightfoot - Little Headline S. D. U. Winter Carnival

Rich Little, the Canadian impersonator known as the "man with 100 voices", and Gord Lightfoot, the dean of folk rock music, headline the feature entertainment at this year's annual winter carnival.

Little, whose list of voice and singing impersonations goes on and on, has seen his exploding popularity put him in demand for feature performances in famous nightclubs across North America, including New York's Basin Street East and Hollywood's famed Crescendo.

McGill Wants Bilingual UGEQ

MONTREAL (CUP)—If McGill University withdraws from the Canadian Union of students to join Union Generale des Etudiants du Quebec, it must join a bilingual UGEQ, student council members here say.

A referendum, to be held Feb. 8, will allow McGill students three courses of action -- membership in CUS, membership in UGEQ or rejection of both organizations.

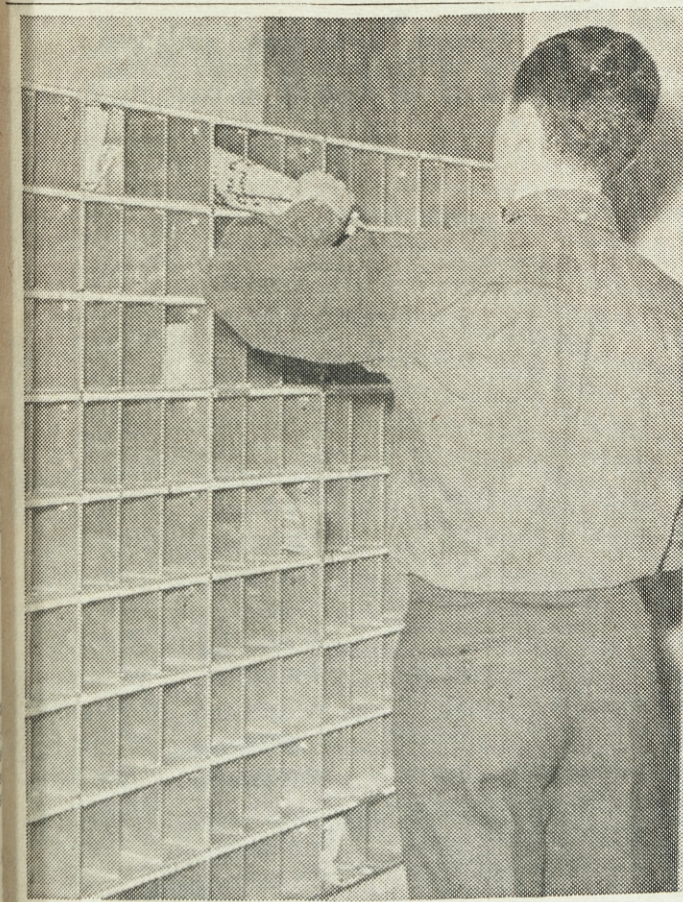

Both council president Jim McCoubrey and external vice-president Arnie Aberman say they oppose McGill's membership in a unilingual UGEQ.

Aberman says he recognizes that "French should be the working language of UGEQ, but English should have the same status in UGEQ as French does in CUS."

"If the students of an English university won't fight to maintain the rights of the English language, who will?"

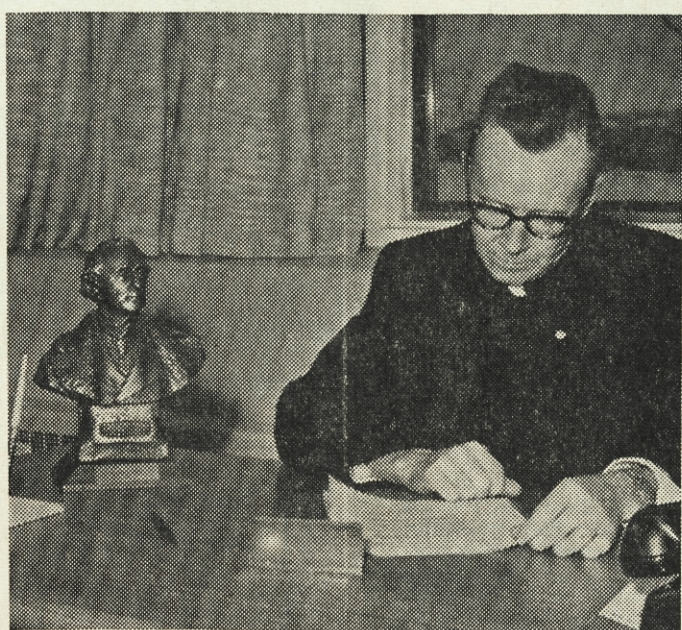

Aberman says he feels McGill should not belong to either organization. McCoubrey, on the other hand, wants McGill to retain its CUS membership because it acts "as a medium through which students can voice opposition or approval on subjects that concern them."

Doug Ward, CUS president, and Robert Nelson, UGEQ president, have been invited to speak Jan. 25 on McGill's membership in these organizations. So far only Ward has accepted.

SOMETHING TO SING ABOUT: Joe Power, student manager of the new postal system, is pictured above sorting mail. More than 200 individual mail boxes were installed by the University in the basement of Main Building for the use of male residents.

New Students' Union Building At S. D. U. In The Offing?

REV. F. W. P. BOLGER, head of the History Department at St. Dunstan's, is shown beside the bust of John A. Macdonald. The bust was presented to Father Bolger by the P.E.I. Centennial Commission after his address on Canada's first prime minister at the Confederation Centre January 11.

Federation Resolution Passed by St. Dunstan's University

St. Dunstan's University has reaffirmed its policy of cooperation with Prince of Wales College, and has offered to participate immediately in discussions aimed at a federation of facilities and personnel of the two institutions. The offer was made in a resolution passed at

a recent meeting of the University Board of Governors.

In a statement to the press, Rt. Rev. G. A. Macdonald, President of St. Dunstan's University, stated:

"It is with a great deal of pleasure that I endorse the resolutions of the Board of Governors with regard to cooperation with Prince of Wales in matters pertaining to higher education in Prince Edward Island, and I look forward to a program of concrete proposals from the studies of the joint committee, set up by the Board of Governors of the two institutions. I feel confident that the proposals of this committee will be acceptable both from the point of view of education as well as that of economy."

POLICY HELPFUL TO GOVERNMENT

"The public interest requires," the resolution goes on to say, "that St. Dunstan's University should reiterate the responsibility it is prepared and qualified to discharge in such an effort," and, moreover, that such a statement of policy should be helpful to the provincial government now that it has an increased concern and commitment in higher education.

This statement would give a clear sense of purpose and direction in providing for present and future needs to the administration and faculty of St. Dunstan's, the resolution stated.

The full resolution reads as follows:

"It is resolved by the present Board of Governors of St. Dunstan's that St. Dunstan's University reaffirms the posi-

tive policy of genuine cooperation with Prince of Wales College to be realized and formalized in a consortium or federation of present and future personnel and facilities.

"It is further resolved that St. Dunstan's University offer to participate immediately and wholeheartedly in realistic discussions with Prince of Wales College in order to compose, together, the actual terms of consortium or federation.

"It is further resolved that St. Dunstan's University explicitly declare its intention and desire that, whatever form the consortium or federation may take, each party will fully respect the honorable education traditions of the other while utilizing their common resources for the benefit of all."

U.P.E.I. CLOSER?

A proposal for the federation of St. Dunstan's University and Prince of Wales College was made in 1965 by a provincial royal commission, appointed by the provincial government to study all aspects of the financing of higher education in Prince Edward Island. The official position of St. Dunstan's is, therefore, very much in line with the suggestions of the commission.

Prince of Wales College has recently decided to remain a separate identity, but has affirmed its desire to cooperate with St. Dunstan's University in certain areas.

The St. Dunstan's resolution is interpreted by many as enhancing the possibility that St. Dunstan's University and Prince of Wales College will federate into a University of Prince Edward Island.

Council Investigation Launched Into Possibility

"The Students' Council must make a study and projection of finances, facilities, and needs for the next five years," Charley McMillan, President of the Students' Union claimed last Wednesday night at a regular meeting of the Council.

"This study," he said, "must be inclusive enough to cover an extension of the Coffee Shoppe or, if shown to be more feasible, the erection of a Student Union building."

"The need for this study is all the more imperative now because Alfred Hennessey, the University architect, is making a master plan for the campus. The campus is moving southward, and dead center of the campus is the Coffee Shoppe. Provision must be made for expansion in this plan. In five years, we will have hundreds more students—and more than 500 day students. We have to have facilities for them."

MEETING HELD

The president announced that he and the Chairman of the Coffee Shoppe Board of Directors, Ted Richard, met with the architect of the Coffee Shoppe, Alf Hennessey, and his associate Claude Morris, over the Christmas holidays.

This meeting, Mr. McMillan said, was the result of a letter sent to the architect asking for details concerning expansion of the present building. It was noted that the building cost \$80,000, exactly double the original estimate — yet there was no provision made for expansion, especially by adding more stories.

Mr. Hennessey claimed that such provision was not wanted since it would mean additional expense. However, he said that despite difficulties, some expansion was possible by adding to the south side (towards Duffy Science Center).

At the Council meeting, the Students' Union president said that if any expansion was forecast, even if only in four or five years time, plans must be made now to finance any additions.

COMMITTEE ESTABLISHED

Consequently, he asked council for permission to appoint a committee to make a comprehensive study. This was approved at the meeting. Members of the committee are Bob Hickey, Phil MacDonald, Ted Richard, Bill LeClair, Mike McCormick and Carol Anne Power.

A projection sheet on the Coffee Shoppe profit and loss statement for the next five years, made over the Christmas holidays, indicates that with the present fee schedule, the loan will be paid off in four years. If the fee were raised five dollars, the Union would have a \$45,000 surplus fund within five years, and if raised ten dollars, the Union would have a surplus fund of \$80,000 in the same period.

This projection raises speculation that Council might initiate a Student Union Building fund this spring should the Committee conclude that expansion of present facilities will be required in the near future.

Asked to confirm the likelihood of a fee increase, the President had no comment at this time.

CHARLEY McMILLAN

LATE NEWS BULLETINS

A delegation from St. Dunstan's University met with Premier Alex B. Campbell and his cabinet Wednesday. The delegation presented to the provincial government a comprehensive brief outlining a five year projection of costs, including expenditures, expansion plans and other needs.

Representing St. Dunstan's at the meeting were Rt. Rev. G. A. Macdonald, President of the University; Judge St. Clair Trainor, Chairman of the Board of Governors; Dr. Brendon O'Grady, Vice-Chairman of the Board; and Dr. J. A. McMillan, member of the Board of Governors.

In the brief, the proposed expansion included the construction of an arts and administration building, at \$1,500,000; a double unit girl's residence at \$750,000 and \$950,000 respectively; a men's dormitory, at \$750,000; and an athletic centre estimated at \$1,000,000.

Last year's yearbook will be shipped to St. Dunstan's tomorrow from Winnipeg, it was announced last night by yearbook editor Ron Turner. The yearbooks were scheduled for delivery in September, but because of production difficulties were delayed.
